• Miss Wani	9
• Miss Jia Hui	9
Favourite food on the school menu? ..	10
After school activities	11
How can we make new friends?	12
What do we need to pack for school?	13

What our day looks like

We have lots of fun in school!

Morning meeting and Mii's drawing of us all at morning meeting.

We arrive at school and we put our bags, hats and shoes in the cubby.

During morning meeting we sit down on the carpet and listen to Ms Natalie. We talk about stuff, we play games and sing songs.

We go and do stuff in outside play and after we eat snack.

During inquiry time we write about what we learn. We use books, we ask people and we use Google! We do drawings and make things. We play games and learn stuff.

Mandarin circle time.

During Mandarin meeting we learn Mandarin by listening to LaoShi. We sing songs and play games.

Favourite Areas:

The Kampong Hut

We play in the Kampong Hut.

The Kampong Hut

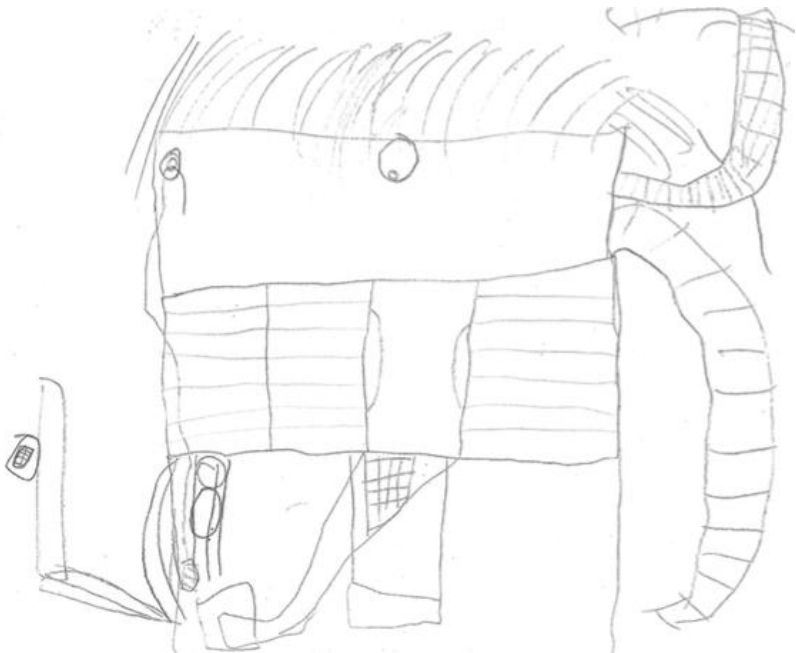

Aichi's finger painting of the Kampong Hut.

We like it because we have lots of things there. It is downstairs and is made from wood. We make tents and a seesaw. We can play on the swing and the slide. It is fun. We can play building blocks. We can set up a picnic. Miss Wani keeps her PE equipment here too.

Kampong hut play -Aichi and Villum make a seesaw and the K2 Orioles make a tent.

Mii's drawing of the Kampong Hut.

Back garden

We play in the Back Garden.

This is Aichi going through the laser beams!

This is the swing!

There is water play, a slide and a swing. We like to play police. With our friends we can play dinosaur hunt. I like to play laser beams. We run and hide in the jungle.

The jungle

The slide

Dress up area

We play dress up.

Harry and Aichi playing shop.

Ariel draws the dress up area.

The pre nursery set up a shop. There are handbags, dresses, gloves, scarf, cameras, sunglasses and food. We like playing dress up and shop.

Reading Den outside our class

We like to read.

There are lots of different books and black, soft, cozy and fluffy beanbags.

People who help us

We like the people who help us.

Auntie Thelega makes us food and snacks. The other Aunties and Uncles help us clean.

Miss Wani is our PE teacher. She shows us games, she brings us upstairs and sometimes has lunch with us.

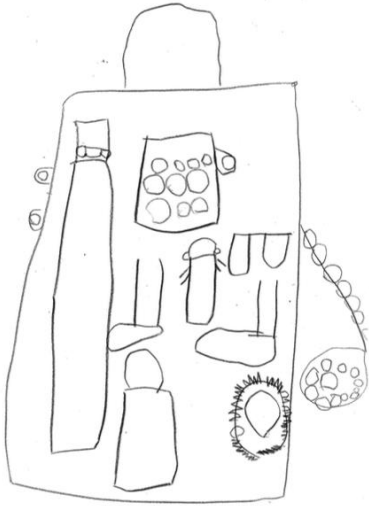

Miss Jia Hui teaches us art. She showed us how to use clay. We stepped on the clay with our feet! We

made cups, people, birds and Christmas decorations.

What do we need to pack for school?

We take a backpack to school.

I have water bottle, socks, shirt and trousers. This is my soccer bag key chain. My hat in my bag is crushed. Let me draw some squiggly lines.

The babies need rubber bits on their

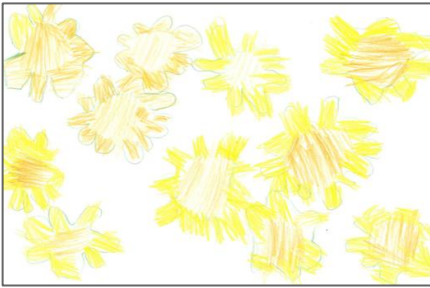

socks, otherwise they keep falling down. They also need to bring diapers to school.

Favourite food on the school menu?

We like healthy food.

My favourite snack is the flower oat cookies and the cereal.

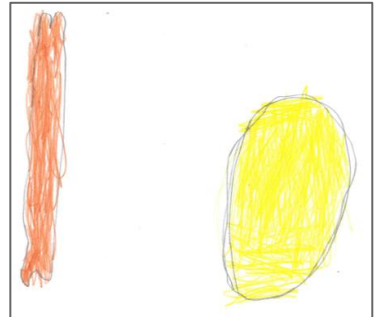

Christian's drawing of the flower cookies! Oatmeal cookies and melon.

I like the yellow pasta because it's yummy. I like the soup and bread because it tastes good.

Yellow pasta.

Aichi's drawing of pumpkin soup and bread.

How can we make new friends?

Will you be my friend?

First, we say hello and then we play with them. Then we say, 'What is your name?' and we can call their names.

After school activities

I play tennis with my friends.

After school I do drama with Christian, Villum and Ariel.

We go to each other's houses and we play with each other. I have play dates with Harry and Villum.

I'm going to learn tennis in school. It is my first time doing tennis after school.

The end!
We hope you have a nice time at
EtonHouse Sentosa.
