School Principal

Robert Randall
Principal

Robert has been the Principal since August 2022. He has 30 years of educational experience in both the UK and Singapore and joined us from Tanglin Trust School, Singapore, where for 15 years, he successfully held several senior leadership positions, including Head of Sixth Form and Assistant Head. He also served as the Deputy Headteacher, responsible for all academic matters in Tanglin Trust Senior School. Robert also brought with him leadership experience in a top school in London prior to joining Tanglin Trust. His extensive experience in both pastoral and academic matters and knowledge of international education within Singapore is a tremendous asset as the school grows and develops.

Robert's educational philosophy is clearly aligned with the EtonHouse ethos and values. He is a motivated and committed senior leader who strongly believes in a value-based education system where the student is placed at the heart of the decision-making process. Fundamental to his beliefs is the view that every young person should be provided with the opportunities to be the best they can be both in and out of the classroom. He also recognises and promotes the view that a successful school should be a happy and thriving learning community where each child can flourish academically, socially and emotionally.

VISION

Shaping the future through education

MISSION

Developing confident and capable global citizens

VALUES

Our values are the guiding principles that shape our culture, drive our decisions, and inspire our actions—defining who we are and who we aspire to be as a community.

Respect Every Voice

We create an inclusive environment where every perspective is valued and heard

Own Your Growth

We take responsibility for our growth, embracing challenges and opportunities to improve

Inspire Curiosity and Learning

We encourage lifelong learning, innovation, and the confidence to make a difference

Empower Others to Thrive

We support and uplift one another, fostering a culture of collaboration and success

TEACHERS

Teaching staff from a diverse mix of nationalities

Consists of Homeroom, Assistant, Mentor, Specialist & IE Teachers

LANGUAGES

An outstanding language programme – Mandarin Chinese, Spanish, Japanese, English as Additional Language (Standard and Intensive), English for Academic Progress

**please check which language offers foreign/native option and at which year group*

INCLUSIVE EDUCATION

We are committed to providing the most personalized and inclusive education to our diverse community which currently consist of over 40 nationalities

SPORTS PROGRAMME

The sports programme at EtonHouse International School, Orchard is as unique as the school itself.

With a focus on fitness and stamina training, competitive sports, values and health education, students have opportunities in football, netball, rugby, swimming, tennis as well as strength and fitness training in the form of TRX, bouldering, X-Fit, gymnastics, yoga and more.

CULTURE & COMMUNITY

Strong pastoral care that nurtures personal skills
Boutique school with a strong sense of community;
A safe, close-knit and happy environment

SETON CLOSE

Our 100m² green space right next to the campus brings nature to our students, offering immersive nature-based hands-on learning experience that fosters a deeper connection with the environment.

LEARNING BEYOND THE CLASSROOM

Our students are exposed to numerous opportunities that provide them with confidence, emotional independence and help them develop as well-rounded global citizens.

EtonCore & Lifeskills

Our bespoke EtonCore programme empowers students to explore their passions while developing essential life competencies, complemented by a Lifeskills programme that supports wellbeing and builds confidence for life.

ACADEMIC ENRICHMENT & HOLISTIC EDUCATION

- An all-through school is a school that comprises multiple phases of education (usually primary and secondary) in a single institution.
- The alignment of the primary and secondary timetables for this academic year has enabled us to create a whole school 'Enrichment hour' from 1100 to 1200 on a Wednesday morning.
- All students and teachers are available and groups are created based upon interest and passions rather than age or year group. There are numerous benefits and opportunities to the students of this time; student to student mentoring, the provision of excellent role models for younger students, leadership and mentoring opportunities to develop confidence and character and an overwhelming sense of community and family.
- Opportunities also exist for primary children to learn in specialist facilities (laboratories) on a regular basis. The core aim is for older students to teach and lead the younger children in a range of academic enrichment activities.

ENRICHED PHYSICS

YOUNG-BUSINESS BUILDERS

LEADERSHIP AND COMMUNITY ACTIVISM: STUDENT COUNCIL

THE PATH TO WELL-BEING

JUNIOR CHEFS: COOKING, CULTURE AND NUTRITION

TEAM GREEN: ENVIRONMENTAL SUSTAINABILITY SOCIETY

THE ROSALIND FRANKLIN

LEARNING ENVIRONMENT

IB PYP – PRIMARY

- Inquiry-based and concept driven international education
- Focuses on the holistic development of the child (rigorous academics and soft skills)
- Integrated learning covering subject areas including Languages, Mathematics, Visual Arts and Design and Technology, Music, Social Studies, Science, Information Communication Technology, Personal, Social and Physical Education through 6 different transdisciplinary themes
- IB learner profile as guiding culture intended to promote lifelong, resilient and confident learners :
 - ✓ Caring
 - ✓ Knowledgeable
 - ✓ Open-minded
 - ✓ Inquirers
 - ✓ Principled
 - ✓ Communicators
 - ✓ Thinkers
 - ✓ Reflective
 - ✓ Courageous
 - ✓ Balanced

MIDDLE TO UPPER SECONDARY

- In Year 7-9, we consider them as transition years where students build upon the inquiry-based PYP approach in incorporating Project Based Learning into our curriculum
- Provides students with an opportunity to study a breadth of academically rigorous topics and subjects, while also building the skill sets needed to build the pathway to academic success in IGCSE and A-Levels
- Flexible and stimulating curriculum that can be built around the students' specific needs to develop skills (*consists of core & elective subjects – chosen in Y10*)

IGCSEs – UPPER SECONDARY

- Offers IGCSE courses for Years 10 and 11 (ages 14 to 16) which lead to International General Certificate of Secondary Education qualifications.
- Students who take an IGCSE subject will be gaining a qualification that is recognised globally.
- The IGCSE curriculum offers a variety of routes for learners with a wide range of abilities, including those whose first language is not English.
- Flexible and stimulating curriculum that can be built around the students' specific needs to develop skills (*consists of **core** & **elective** subjects – chosen in Y10*)
- Upon completion of the IGCSE, the qualification obtained is recognised globally by universities and employers around the world

**IGCSE English Language qualifications are recognised by UK universities*

**Please note that the Options available is subject to change every academic year*

INTERNATIONAL A LEVELs – HIGH SCHOOL

- Offered to students ages 16 to 18 at international schools globally by Cambridge International Examinations and Pearson Edexcel
- Internationally recognised qualifications equivalent to British A-Levels, the standardised academic examinations taken in the United Kingdom
- Designed to prepare our students for the increased expectations of universities and employers, developing a required range of skills and experiences
- Students are expected to develop as confident young adults who can take responsibility, be accountable, develop high- levels of self-esteem and confidence, and have the ability to set and meet personal targets
- For more information related to programme information, kindly refer here:
